On December 10th 2016, ROBLOX released another update where players could join groups and wear clothes representing their group on their backpacks. However, yet again it was abused by many users who used the feature for monetary gain. As a result of this, ROBLOX removed the functionality and shut down the "ROBLOX Backpacks" section on their website. On May 19th 2017, ROBLOX updated its backpacks feature which allowed players to join groups.[77]

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

Rated 4 out of 5 by Anonymous from Great Game, but Expensive ROBLOX is one of the best games I've played on my computer, but it is very expensive. It's not only expensive, but it's time consuming to get points for what you want in the game. Overall, I would recommend this game to people who like games that involve creativity and imagination in a game. Rated 5 out of 5 by Anonymous from Best Game Ever ROBLOX is one of the best games ever. I think that everyone should play it, it's great for all ages!

On September 3, 2014 (8:00 PM), ROBLOX released a new website design and many changes to the graphic. The new design is much cleaner and easier to navigate. It also includes more screenshots of games, more user-friendly forums, better administration tools to keep track of groups and permissions for Moderators/Administrators, improved support for security questions/passwords, better notices on who has access to what information on the site, and improved support for email notifications.
